Subject: Join Me in Voting **YES** for the Merger of the Los Angeles World Affairs Council and Town Hall

I've been an active member of both Town Hall Los Angeles and the Los Angeles World Affairs Council for several years. I can see the benefits of a merger for both organizations. It makes sense to me that a merged organization could better attract top-notch speakers in an increasingly competitive marketplace. I want to see both programs thrive and I believe a merger would have benefits for years to come.
